

# Working Together Ludlow

To include people with learning difficulties and disabilities

Almost Weekly News No. 12 - 20/06/2020

Last week we visited Working Together for the very first time since we closed our doors in March because of Covid-19. *No big cobwebs! Phew...*

Everyone at WT is working hard to be able to welcome our Members back as soon as we can do so safely.

We're not ready to open our doors yet - as we need to make sure we are able to keep all our members, staff and volunteers safe when we do.

It's only natural that some might be a little worried about coming back to WT after being away for so long and a very important part of our plan is to involve members, families and carers in our reopening.

We're pulling together a survey for you to complete that will help us to understand what some of your questions and thoughts might be.

## Cleared for take-off...

We love to see pictures of what our Members have been doing and we were thrilled to be sent this picture of Tom and the giant Working Together paper aeroplane that he's been making. Wow, that's just fantastic Tom...

The big question is: how well does it fly Tom?

If you would like to have a go at making a mini version of Tom's paper aeroplane we've added a template to our website - with WT logos - that you can download by [CLICKING HERE](#)

**Stay safe, stay alert and keep well everyone!**

# Meet the Working Together Staff

Our staff team keep everything going on a daily basis and support our members in all kinds of ways. The staff are a vital part of the Working Together family: Members, Staff, Volunteers, Trustees - all Working Together.

Many thanks to all our staff who are working really hard to keep in touch and support all our Members and their families and carers at this time and to ensure that Working Together is ready to reopen when it is safe to do so.

We recently said goodbye to Lisa, from the Diversity Team. We'll invite Lisa back one day so we can say thank you and wish her all the best.
